Licensed establishments approved for “to-go” sealed wine, beer sales with takeout meal orders

LĪHU’E – The Department of Liquor Control is announcing that licensed establishments may sell sealed “to-go” wine and/or beer with takeout meal orders.

Partially opened or “mixed drinks” containing liquor are not permitted.

Licensees are encouraged to caution pick-up customers about “open container” prohibitions, which require the storage of the opened product in the vehicle’s trunk or area of the vehicle not normally occupied by the driver or passengers.

Anyone with questions may call 241-4966.
